

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every international industry. Transporting industrial goods takes place each day on our hectic planet. Originally innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained popularity after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these equipment spread worldwide.

In the year 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the company is simply called TCM Corporation. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM began constructing forklift manufacturing locations outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With over fifty years of accumulated expertise and technology, TCM has been proudly manufacturing numerous models of industrial trucks, making their models recognizable all over the world. With a strong and energetic employees, TCM has been able to constantly work towards becoming a future leading material handling business.
